

Tube Facing Tool

A crucial step toward consistently acceptable welds is ensuring tube ends are properly prepared for welding. The Swagelok® tube facing tool is designed to machine flat, smooth, square, burr-free and chamfer-free tube ends. The tool can be used on 316 stainless steel, carbon steel, titanium, and most nickel-based alloys.

- For tube OD sizes 1/8 to 2 in. and 3 to 52 mm
- For wall thickness from 0.02 to 0.109 in. (0.5 to 2.7 mm)
- Chip deflector works in conjunction with cutting insert to prevent chips from curling into tube ID
- Heavy-duty industrial motor with easy speed/RPM adjustment and control
- Graduated spindle advance for controlled material removal
- Clear plastic safety shield protects operator from the cutting area
- Cutting insert and spindle designed for fast/easy setup and insert change
- Standard Swagelok welding system UCI collets provide rigid holding of components
- CE marked
- Storage and shipping case included

Specifications

Operating Power	115 V (ac)
	230 V (ac)
Weight	Approx. 12 lb (5.4 kg)
Length	18.0 in. (45.7 cm)
Width	8.5 in. (21.6 cm)
Diameter	4.5 in. (11.4 cm)
Minimum Tangent Length	1 in. (25.4 mm)

Ordering Information

Geographic Region	Part Description	Ordering Number	
		Facing Tool Only	Facing Tool With Stand
North America	115 V (ac), 2-pronged plug	SWS-232EP-1	SWS-232EP-1-BMB
United Kingdom	115 V (ac), 3-pronged plug	SWS-232EP-5	SWS-232EP-5-BMB
Continental Europe	230 V (ac), 2-pronged plug	SWS-232EP-7	SWS-232EP-7-BMB

NOTE: Use in other geographic locations may require an adapter.

Options and Accessories

Cutting Inserts

Replacement cutting inserts come in a handy ten-pack. One cutting insert is included with the facing tool.

Description	Ordering Number
Cutting Insert	SWS-232-BIT-HST

Bench-Mount Stand

The bench-mount stand features a quick-release latch that requires no tools. This makes conversion from portable to bench-top use fast and easy.

Description	Ordering Number
Bench-Mount Stand	SWS-232BMB

Shipping Case

The facing tool is shipped in a rugged shipping/storage case. Included are two storage cases for collets and cutting inserts which can also be ordered separately. The case will also accommodate the optional bench-mount stand.

Description	Shipping Case Ordering Number
Shipping Case	SWS-CASE-4
Cutting Insert Case	SWS-CASE-5
Collet Case	SWS-CASE-6

Tube Collets

The patented UCI collet design rigidly holds components with a ± 0.005 in. (0.13 mm) tube outside diameter variation. Two collets are required per size. Collets are not included with the facing tool.

Nominal Outside Diameter in.	Ordering Number
1/8	CWS-20UCI-02
1/4	CWS-20UCI-04
3/8	CWS-20UCI-06
1/2	CWS-20UCI-08

35	CWS-20UCI-35MM
52	CWS-20UCI-52MM

Safe Product Selection

When selecting a product, the total system design must be considered to ensure safe, trouble-free performance. Function, material compatibility, adequate ratings, proper installation, operation, and maintenance are the responsibilities of the system designer and user.

Caution: Do not mix or interchange parts with those of other manufacturers.
